**WEEK 4:(12<sup>th</sup>-17<sup>rd</sup> September 2022)**

On 12<sup>th</sup>, 13<sup>th</sup> and 14<sup>th</sup> September, me and team members arranged a google meet session through which we started brainstorming for ideas and started filling the template that has been given in mural for brainstorming and ideation phase. In that template we clearly defined about the problem statement and the solution for it, various features that we could add in our project.

On 15<sup>th</sup>, 17<sup>th</sup> September, we attended the training session in which we were taught about the AI, Deep learning, ANN, CNN, Neural network concepts and we also completed the quiz during the session.
